Included Accessories: CHARGER AND POWER CABLE

Commodatum Device Assignment

LETTER AGREEMENT FOR TEMPORARY ASSIGNMENT OF ELECTRONIC EQUIPMENT AND/OR PERIPHERALS

I, MIRIAM FAVIOLA SANCHEZ HERRNANDEZ, acknowledge receipt—on a temporary, loan-for-use basis—of the electronic equipment and/or peripherals described in the technical specifications and summary above. I agree to the following terms and conditions:

1. Ownership and return. The assigned device(s) and any accessories are the property of the Company or its Client. I will return them in good working order, with all software and accessories, immediately upon request, role change, or termination of employment.

2. Permitted use. The device is a work tool for my exclusive use in connection with my job duties. I will not transfer, share, lend, or exchange it with other users.

3. Care and responsibility. I will take reasonable care of the device. If damage or loss occurs due to negligence or failure to follow Company policies (including transport and protection requirements), I may be responsible for repair or replacement costs in accordance with applicable law and Company policy.

4. Support and repairs. In case of hardware or accessory failure, I will notify my manager and open a ticket with the Help Desk. I will not attempt unauthorized repairs or modifications.

5. Software and configuration. I will not install unapproved software, disable security controls, or alter configuration without authorization. I will use only licensed software as approved by the Company.

6. Security and monitoring. Company security controls (e.g., encryption, endpoint protection, firewall, screen lock, password policy) must remain enabled and up to date. The Company may, where permitted by policy and law, monitor, audit, or inspect Company devices and data.

7. Workstation hygiene (minimum requirements).

- Strong password and automatic screen lock enabled
- Disk encryption and endpoint protection active and updated
- Firewall enabled
- No unauthorized or pirated software
- Compliant desktop image and approved configurations only
- Company data stored only in approved locations

8. Confidential information. I will handle Company and Client information in accordance with applicable confidentiality, privacy, and information security policies.

9. Theft or loss (mandatory actions). I will: - File a report with the competent authorities within 24 hours (if theft). - Notify my manager and the Security/IT teams and provide the incident number within 48 hours. - Cooperate with any investigation, remote lock/wipe, and asset replacement process (subject to availability).

10. Financial responsibility. If the device is lost, stolen, or damaged due to negligence or policy violations, I acknowledge that I may be responsible for repair or replacement costs, subject to applicable law and with any payroll deductions made only where lawful and with my explicit authorization.

11. End of responsibility. My responsibility for the assigned device ends when I return all items and the receiving area signs the official asset checklist.
